Off and Running

We had an exciting night last night as the election numbers came in. We were planning on coming in 2<sup>nd</sup>, but that is not to say that we weren't surprised by how close the race was. I would like to congratulate the Kimbo campaign for their efforts; they ran a strong race. I would also like to congratulate the incumbent for placing 1<sup>st</sup>.

The Vote4Lutz campaign is energized and focused. We are looking forward to continuing to communicate our message to the citizens of South Hall County. I would like to invite the incumbent to meet me in a debate. There are a lot of things that the citizens would like to know; will you take away the Chairman's power to make motions or seconds; will you champion stronger ethics laws that require full disclosure of business relationships; and will you fight for fair water and sewer rates for everyone?

Over the next couple of days the campaign team will be strategizing a game plan for the next couple of weeks. If you have any thoughts or ideas on how to get the message out, please let me know. We will be going after the incumbent's record. For those who support the incumbent, you may feel that these are negative attacks, but the truth is the ultimate defense. If we say anything that you believe to be false, please let me know and I will back it up with the supporting documentation or source.

We are excited and fully engaged. We look forward to continuing our campaign and reaching out to the voters of South Hall County.

Lutz Do It!
